

PATH Study Posters and Presentations as of March 31, 2026

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2026	March	Andrew Anesetti-Rothermel, Andy Hyland, Eva Sharma, Katherine Hyatt Hawkins Shaw, Katy Edwards	FDA, Westat, RPCI	The emergence of nicotine pouches in the U.S.: Nicotine pouch use patterns, harm perceptions, and longitudinal use transitions among youth, young adults, and adults in the PATH Study (2022–2024)	SRNT	Annual Meeting	Waves 7–8
2026	March	Kristin Lauten, Marushka Silveira	Westat, RPCI	Prospective associations between tobacco use and dental caries, mouth pain, and mouth sores among U.S. adults: 2016–2023	SRNT	Annual Meeting	Waves 4–7
2025	November	Aaron Blakney, Amanda Edelman, Andy Hyland, Chelsea McKinney, Cristine Delnevo, Debra Stark, Eva Sharma, Heather Kimmel, Jennifer Edwards, John Kingsbury, Latasha Swanson Bowens, MeLisa R. Creamer, Silvana Skara	NIDA, FDA, Westat, RPCI	Misclassification between nicotine pouches, and smokeless and snus pouches: A qualitative study	APHA	Annual Meeting	N/A
2025	November	Aaron Blakney, Amanda Edelman, Andy Hyland, Chelsea McKinney, Cristine Delnevo, Debra Stark, Eva Sharma, Heather Kimmel, Jennifer Edwards, John H. Kingsbury, Latasha Swanson Bowens, MeLisa R. Creamer	NIDA, FDA, Westat, RPCI	Misclassification between electronic nicotine products and heated tobacco products: A qualitative study	APHA	Annual Meeting	N/A
2025	August	Andy Hyland, Victoria Castleman	Westat, RPCI	The evolution of ENDS in a rapidly changing marketplace: ENDS use among youth, young adults, and adults in the PATH Study (2013–2023)	NCTOH	Annual Meeting	Waves 1–7

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2025	March	Amanda Fidalgo, Brittany Merson, Lauren Pacek, Chris Ellison, Ruben Montes de Oca, Heather L. Kimmel	NIDA, FDA, Rutgers University	Exploring patterns of misperceptions about nicotine and reduced nicotine content cigarettes and their correlation with tobacco product use behavior among adults in Wave 7 of the PATH Study	SRNT	Annual Meeting	Wave 7
2025	March	Andy Hyland, Kristie Taylor, Eva Sharma, Karin Kasza	NIDA, FDA, Westat, Roswell Park Comprehensive Cancer Center	The evolution of ENDS in a rapidly changing marketplace: ENDS use among youth, young adults, and adults in the PATH Study (2013–2023)	SRNT	Annual Meeting	Waves 1–7
2025	March	Jonathan Hannings, Hoda Hammad, Adam Benson, Sherry T Liu, Kimberly Snyder, Karin Kasza, Andy Hyland, Kristie Taylor	FDA, Westat, Roswell Park Comprehensive Cancer Center	Impact of a Federal Tobacco 21 policy in states with and without T21 policies	SRNT	Annual Meeting	Waves 5–ATS
2025	March	Katy Edwards	Westat	Leveraging complex survey data to inform nicotine and tobacco regulatory science globally—the PATH Study methodology and data files	SRNT	Annual Meeting	

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2025	March	Katy Edwards, James Sargent, Kristin Lauten, Susanne Tanski, Todd MacKenzie, Laura Paulin, Mary Brunette, Maciej Goniewicz, Amanda Malasky, Debra Stark, Fernando De Moura, Holly Griffin, Kimberly Nguyen, E. Backlund, Heather Kimmel, John H. Kingsbury, Jenny Ozga, K. Michael Cummings, Andy Hyland	NIDA, FDA, Westat, Roswell Park Comprehensive Cancer Center, Dartmouth College	Functionally important respiratory symptoms and continued cigarette use vs. e-cigarette switching: PATH Study Waves 2–6	SRNT	Annual Meeting	Waves 2–6
2025	March	Laurel P. Gibson, Michael J. Parks, Joseph T. Ciccolo, MeLisa R. Creamer, John H. Kingsbury, Colm D. Everard, Daniela Marshall, Annette Kaufman, Youn O. Lee, Janet Kuramoto-Crawford, Eiman Aboaziza, Ijeoma Obidegwu, Carlos Blanco, Wilson M. Compton, Neal D. Freedman, Heather L. Kimmel	NIDA, FDA	Cannabis use mode prevalence across subgroups based on tobacco use modes: Estimates from the Population Assessment of Tobacco Health (PATH) Study Wave 7 (2022/23)	SRNT	Annual Meeting	Wave 7

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2025	March	Michael J. Parks, Wilson M. Compton, MeLisa R. Creamer, John H. Kingsbury, Colm D. Everard, Carlos Blanco, Daniela Marshall, Heather L. Kimmel	NIDA	The role of cigarette smoking in recovery from substance use disorders in a nationally representative cohort from the Population Assessment of Tobacco Health Study	SRNT	Annual Meeting	
2024	October	Andy Hyland, Katy Edwards, Rui Jiao	Westat, Roswell Park Comprehensive Cancer Center	PATH Study data training: Overview of the PATH Study design and choosing weights for your analysis	TRSP	Annual Meeting	
2024	May	John H. Kingsbury, Heather L. Kimmel, Michael J. Parks, MeLisa R. Creamer, Carlos Blanco, Wilson M. Compton	NIDA	Coupons and state tobacco policy context as predictors of tobacco use among those reporting previous e-cigarette use	SPR	Annual Meeting	Waves 5–6
2024	March	Katy Edwards, Kathy Garcia-Rosales	Westat	Biomarkers of tobacco exposure and potential harm among youth and adults who use ENDS: Waves 1–5 (2013–2019) of the PATH Study	NIH-TANRIG	Annual Meeting	Waves 1–5

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2024	March	Eva Sharma, Johanna Dubsky, Kathy Garcia-Rosales, Michael Halenar, Adam Benson, Alexander Maki, Andrea L. Ruybal, Aura Lee Morse, Michael Sawdey, Rudaina Alrefai-Kirkpatrick, Silvana Skara, Susana Addo Ntim, Hoshing Chang, Ther W. Aung, Heather Kimmel, Jennifer Pearson, Maansi Bansal-Travers, Kristie Taylor, Andy Hyland, Thomas E. Novotny	NIDA, FDA, Westat, Roswell Park Comprehensive Cancer Center, The MetroHealth System, University of Nevada, San Diego State University,	Disposal practices of cigarettes and ENDS among adults: Findings from Wave 6 (2021) of the PATH Study	SRNT	Annual Meeting	Wave 6
2024	March	Eva Sharma, Kristin Lauten, Kate Zebrak, Katy Edwards, Samantha VanEtten, Adam Benson, Cristine Delnevo, Daniela Marshall, Heather Kimmel, Kristie Taylor, Maansi Bansal-Travers, Andy Hyland, K. Michael Cummings	NIDA, FDA, Westat, Roswell Park Comprehensive Cancer Center, Rutgers University	Respiratory symptoms and outcomes among cigar smokers: Findings from the Population Assessment of Tobacco and Health (PATH) Study Waves 2–5 (2014–2019)	SRNT	Annual Meeting	Waves 2–5

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2024	March	Andy Hyland, Katy Edwards, Kathy Garcia-Rosales, Amy Gross, Esther Roh, Cindy Chang, Andrew Anesetti-Rothermel, MeLisa R. Creamer	NIDA, FDA, Westat, Roswell Park Comprehensive Cancer Center	Biomarkers of tobacco exposure and potential harm among youth and adults who use ENDS: Waves 1–5 (2013–2019) of the PATH Study	SRNT	Annual Meeting	Waves 1–5
2023	June	Janet Kuramoto-Crawford	NIDA	Intersecting risk factors of Electronic Nicotine Delivery Systems (ENDS) and cigarette susceptibility and initiation among U.S. youth	SPR	Annual Meeting	Waves 1–5
2023	March	Katy Edwards	NIDA, FDA, Westat, Roswell Park Comprehensive Cancer Center	Patterns of premium and nonpremium cigar use in the United States: Findings from Wave 6 (2021) of the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual Meeting	Wave 6
2023	March	Katy Edwards	NIDA, FDA, CDC, Westat, Roswell Park Comprehensive Cancer Center	Validating Wave 1 (2013–2014) urinary cotinine and TNE-2 cut-points for differentiating Wave 4 (2016–2017) cigarette use from non-use in the U.S. using data from the PATH Study	SRNT	Annual Meeting	Wave 1 & 4
2023	March	Kerry Flannagan	NIDA	Behavioral and psychosocial predictors of tobacco use among youth during the COVID-19 pandemic	SRNT	Annual Meeting	Wave 5 & 5.5
2023	March	Andy Hyland, Sabeeh Baig, Annette Kaufman, Maansi Bansal-Travers, Kristie Taylor, Andrea Villanti	NIDA, FDA, CDC, NCI, Westat, Roswell Park Comprehensive Cancer Center, Rutgers University	Understanding commercial tobacco use in populations of special relevance: Examination of health equities and tobacco in the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual Meeting	Waves 4–6
2022	June	Andrew Anesetti-Rothermel, Andrew Hyland, Heather Kimmel	FDA, Roswell Park Comprehensive Cancer Center, NIDA	The PATH Study in 2020: COVID-19 study design adaptations and cigarette and ENDS use among U.S. adults	National Conference on Tobacco or Health (NCTOH)	Annual Meeting	Waves 5–ATS
2022	May	Andrew Hyland	Roswell Park Comprehensive Cancer Center	ENDS use among adult cigarette smokers with no plans to ever quit smoking in the United States, 2014–2019	The E-Cigarette Summit	Annual Meeting	Waves 2–5

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2022	February	Andrew Hyland, Karin Kasza, Eva Sharma, Cassandra Stanton, David R. Strong	Roswell Park Comprehensive Cancer Center, Westat, UCSD	Dual use of cigarettes and ENDS in the PATH Study: Transitions in dual use patterns, nicotine dependence, use trajectories, and cessation (2013–2020)	SRNT	Annual Meeting (PATH Study Symposium)	Waves 1–ATS
2021	October	MeLisa R. Creamer	NIDA	The Population Assessment of Tobacco and Health (PATH) Study in 2020: COVID-19 challenges and solutions	TRSP	Annual Meeting	Wave 5.5/ATS
2021	February	Mary Brunette	Dartmouth University	Association between tobacco product use and asthma among U.S. adults from the Population Assessment of Tobacco and Health (PATH) Study Waves 2–4	SRNT	Annual Meeting	Waves 2–4
2021	February	Andrew Hyland	Roswell Park Comprehensive Cancer Center	Cigarette and ENDS use among adults 20+ and associations between COVID-19 and tobacco use: The latest findings from the PATH Study (2013–2020).	SRNT	Annual Meeting (PATH Study Symposium)	Waves 1–ATS
2021	February	Cassandra Stanton	Westat	Predictors of e-cigarette and cigarette use trajectory classes from early adolescence to emerging adulthood across four years (2013–2017) of the PATH Study	SRNT	Annual Meeting	Waves 1–4
2021	February	Laura Paulin	Dartmouth University	Association of tobacco product use with chronic obstructive pulmonary disease (COPD) prevalence and incidence in Waves 1 through 5 of the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual Meeting	Waves 1–5
2021	February	Martin Mahoney	Roswell Park Comprehensive Cancer Center	Incidence of cardiovascular outcomes among cigarette and ENDS users in Waves 1 through 5 of the Population Assessment of Tobacco and Health (PATH) Study, 2013–2019	SRNT	Annual Meeting	Waves 1–5
2020	March	Victor Dejesus	CDC	Analysis of urinary biomarkers of exposure to volatile organic compounds from the Population Assessment of Tobacco and Health (PATH) Study Wave 1, 2013–2014) characterization of tobacco product exposure	SRNT	Annual Meeting (virtual)	Wave 1
2020	March	Katy Edwards	Westat	Urinary cotinine cut-points for distinguishing tobacco use from non-use in the United States: Wave 1 (2013–2014) of the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual meeting (virtual)	Wave 1
2020	March	Andrew Hyland	Roswell Park Comprehensive Cancer Center	Youth and young adults acquisition and use of cigarettes and ENDS: The latest findings from the PATH Study (2013–2019)	SRNT	Annual Meeting (virtual)	Waves 1–5
2020	March	Jenni Pearson	University of Nevada	The impact of ENDS use on smoking progression or reduction one year later among young adult ever cigarette smokers: Results from Waves 1–3 (2013–2016) of the Population Assessment of Tobacco and Health Study	SRNT	Annual Meeting (virtual)	Wave 1–3
2020	March	Maansi Bansaal-Travers	Roswell Park Comprehensive Cancer Center	Factors associated with changes in flavored tobacco products used: Findings from Wave 2 (2014–15) and Wave 3 (2015–1016) of the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual Meeting (Virtual)	Wave 2

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2020	March	Mary Brunette	Dartmouth	Tobacco use and respiratory symptoms among U.S. adults: Findings from the Population Assessment of Tobacco and Health Study	SRNT	Annual Meeting (Virtual)	
2019	October	Heather L. Kimmel, Kathryn C. Edwards, A. Yesy Del Valle-Pinero, Charles Carusi, Barbara O'Brien, Meghal Patel, Lori Merrill, Ethel V. Taylor, Nicolette Borek, Marushka L. Silveira, Karl Poonai, Kara B. Duffy, Andrew Hyland, Dana M. van Bommel	Westat, NIDA, FDA	Population Assessment of Tobacco and Health (PATH) Study biospecimen access program: Wave 1 and Wave 2	TRSP	Annual Meeting	Waves 1–2
2019	October	Michael Halenar	Westat	Tobacco use and respiratory symptoms among US adults: Findings from the longitudinal Population Assessment of Tobacco and Health Study	TRSP	Annual Meeting	
2019	August	Andrew Hyland	Roswell Park Comprehensive Cancer Center	Selected Cigarettes and e-cigarette transitions: findings from the PATH Study Waves 1–3 (2013–2016)	National Conference on Tobacco or Health (NCTOH)	Annual Meeting	Wave 1–3
2019	February	Danielle M. Smith	Roswell Park Comprehensive Cancer Center	Biomarkers of exposure among dual users of tobacco cigarettes and e-cigarettes: Findings from wave one of the Population Assessment of Tobacco and Health Study (Symposium presented at the Society for Research on Nicotine & Tobacco)	SRNT	Annual Meeting (Path Symposium)	
2019	February	Maciej Goniewicz	Department of Health Behavior, Roswell Park Comprehensive Cancer Center	Biomarkers of exposure among dual users of tobacco cigarettes and e-cigarettes: Findings from Wave One of the Population Assessment of Tobacco and Health Study	SRNT	Annual Meeting (PATH Symposium)	Wave 1
2019	February	Andrea Villanti	Tobacco Center on Regulatory Science, University of Vermont	First flavored tobacco use predicts more frequent tobacco use among adults in Waves 1 and 2 of the PATH Study, 2013–2015	SRNT	Annual Meeting	Wave 1 & 2

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2019	February	David R. Strong	Department of Family Medicine and Public Health & Cancer Prevention and Control Program, Moores Cancer Center, University of California	Harm perceptions and tobacco use initiation among youth in Wave 1 and 2 of the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual Meeting	Wave 1 & 2
2019	February	Cassandra Stanton	Westat	Electronic Nicotine Delivery Systems (ENDS) use and cigarette smoking among US youth	SRNT	Annual Meeting	Wave 1 & 2
2018	December	Andrew Hyland	Roswell Park Comprehensive Cancer Center	The latest from the PATH Study—Selected tobacco use 3 Wave transitions and selected findings on tobacco product flavors	CDC	Presented for CDC National Tobacco Control Program	Wave 3
2018	September	Andrew Hyland, Maciej Goniewicz	Roswell Park Comprehensive Cancer Center	Considerations on the epidemiology of nicotine dependence (Presented at FDA's conference on Opioid and Nicotine Use, Dependence, and Recovery)	FDA	FDA conference	
2018	July	Andrew Hyland	Roswell Park Comprehensive Cancer Center	The latest from the PATH Study—Selected tobacco use 3 Wave transitions and e-cigarette and biomarker data	Center for Evaluation and Coordination of Training and Research (CECTR)	CECTR webinar	Wave 3
2018	February	Baoyun Xia	CDC	Urinary concentration of tobacco-specific nitrosamines (TSNAS) in the U.S. population from the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual Meeting (PATH)	
2018	February	Heather Kimmel	NIH	Secondary analysis of data from the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Preconference workshop at Annual meeting	
2018	February	Heather Kimmel	NIH	The latest from the PATH Study—Selected tobacco use 3 Wave transitions and e-cigarette and biomarker data	SRNT	Annual Meeting (PATH Symposium)	Wave 3
2018	February	Jun Feng	CDC	Nicotine exposure assessment in U.S. population, PATH W1	SRNT	Annual Meeting (PATH)	Wave 1

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2018	February	Tara Elton-Marshall	Institute for Mental Health Policy Research, Centre for Addiction and Mental Health, London, ON, Canada	Adult perceptions of the relative harmfulness of tobacco products and subsequent tobacco product use: Longitudinal findings from Waves 1–2 of the PATH Study	SRNT	Annual Meeting (PATH)	Wave 1 & 2
2018	February	Blair Coleman	FDA	Transitions in electronic cigarette use among adults in the PATH Study, Waves 1 and 2	SRNT	Annual Meeting (PATH)	Wave 1 & 2
2018	February	Cindy Chang	FDA	Emerging evidence on the toxicity of non-cigarette tobacco products	SRNT	Annual Meeting (PATH Symposium)	
2018	February	David R. Strong	Department of Family Medicine and Public Health & Cancer Prevention and Control Program, Moores Cancer Center, University of California	Youth perceptions of harm and addictiveness of cigarette and non-cigarette tobacco products: Descriptive findings from Wave 1 (2013–2014) of the PATH Study	SRNT	Annual meeting (Poster)	Wave 1
2018	February	Heather L. Kimmel, Kathryn C. Edwards, A. Yesy Del Valle-Pinero, Charles Lawrence, Charles Carusi, Patricia Chulada, Barbara O’Brien, Ethel V. Taylor, Nicolette Borek, Marushka L. Silveira, Karl Poonai, Kara B. Duffy, Andrew Hyland, Dana M. van Bemmell	Westat, NIDA, FDA	Population Assessment of Tobacco and Health (PATH) Study biospecimen access program	SRNT	Annual meeting	Wave 1
2018	February	Connie Sosnoff	CDC	Serum concentrations of cotinine and trans-3’-hydroxycotinine in U.S. adults: Results from Wave 1 (2013-2014) of the PATH Study	SRNT	Annual meeting (poster)	Wave 1
2018	February	Shyanika W. Rose	Truth Initiative	Flavor types used by youth and adult tobacco users in Wave 2 of the Population Assessment of Tobacco and Health (PATH) Study, 2014–15	SRNT	Annual meeting (poster)	Wave 2

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2018	February	John P. Pierce	Cancer Prevention Program & Department of Family Medicine and Public Health, University of California, San Diego	Receptivity to tobacco advertising at Wave 1 and progression to tobacco use at Wave 2 in youth and young adults in the PATH Study	SRNT	Wave	Wave 1 & 2
2018	February	Heather Kimmel	NIH	Population Assessment of Tobacco and Health (PATH) Study biospecimen access program	SRNT	Annual meeting (poster)	
2018	February	Karin Kasza	RPCI	Transitions in tobacco product use by U.S. adults between 2013/14 and 2014/15: Findings from the PATH Study Wave 1 and Wave 2	SRNT	Annual meeting (poster)	Wave 1 & 2
2018	February	A. Yesy Del Valle-Pinero	NIH	Population Assessment of Tobacco and Health (PATH) Study biospecimen collection and biomarker analyses	SRNT	Annual Meeting (poster)	
2017	March	Andrew Hyland, Kevin Conway, Nicolette Borek	RPCI, NIDA, CTP	Highlighted findings from Waves 1 and 2 of the Population Assessment of Tobacco and Health (PATH) Study	National Conference on Tobacco or Health (NCTOH)	Conference	Waves 1 & 2
2017	March	Andrew Hyland, Kevin Conway, Nicolette Borek	RPCI, NIDA, CTP	Tobacco use transitions among youth and adults: Description longitudinal data from Waves 1 and 2 of the PATH Study	SRNT	Annual Meeting (PATH Symposium)	Waves 1 & 2
2017	March	Andrea Villanti	Truth Initiative	Association of flavored tobacco use with tobacco initiation and subsequent use among youth and adults in Waves 1 and 2 of the PATH Study	SRNT	Annual Meeting (FDA Symposium)	Waves 1 & 2
2017	March	Bridget Ambrose	CTP	Identifying tobacco use transitions and motivations for use from the PATH Study data	SRNT	Annual Meeting (FDA Pre-conference Workshop)	Waves 1 & 2
2016	June	Yu-Ching Cheng	CTP	Pattern of use and characteristics of U.S. adult smokeless tobacco users: Preliminary findings from Wave 1 of the Population Assessment of Tobacco and Health (PATH) Study	Epidemiology Congress of the Americas	Annual Meeting	Wave 1
2016	May	Kevin Conway	NIDA	Co-occurrence of tobacco product use, substance use, and symptoms of mental health problems among youth and adults: Findings from Wave 1 (2013–2014) of the Population Assessment of Tobacco and Health (PATH) Study	American Psychiatric Association (APA)	Annual Meeting	Wave 1
2016	May	Andrew Hyland	RPCI	Population Assessment of Tobacco and Health (PATH) Study: Understanding the data (RUF & PUF)	NAHDAP	Webinar	No PATH Data
2016	March	Karin Kasza	RPCI	Adult tobacco use in 2013/14: Findings from PATH, Wave 1	SRNT	Annual Meeting	Wave 1

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2016	March	Karin Kasza	RPCI	Youth tobacco use in 2013/14: Findings from PATH, Wave 1	SRNT	Annual Meeting	Wave 1
2016	March	Geoffrey Fong	Waterloo	US adult perceptions of the harmfulness of tobacco products: Descriptive finds from Wave 1 of PATH	SRNT	Annual Meeting	Wave 1
2016	March	Jennifer Pearson	Truth Initiative	Adult interest in using a tobacco product claiming reduced harm (TPCRH): Findings from Wave 1 of the PATH Study	SRNT	Annual Meeting	Wave 1
2016	March	Kelvin Choi, Samir Soneji	FDA, Dartmouth	Engagement with online tobacco and its association with tobacco product use among US youth: Findings from Wave 1 of PATH	SRNT	Annual Meeting	Wave 1
2016	March	Andrea Villanti	Truth Initiative	Youth and young adult current and first use of flavored tobacco products: Baseline findings from PATH	SRNT	Annual Meeting	Wave 1
2016	March	Ray Naiura, David Strong	Truth Initiative, UCSD	Indicators of dependence	SRNT	Annual Meeting	Wave 1
2016	March	Dennis Trinidad	UCSD	Susceptibility to tobacco product use among youth in Wave 1 of the PATH Study	SRNT	Annual Meeting	Wave 1
2016	March	Susanne Tanski	Dartmouth	Youth access to products in the US: Findings from Wave 1 of the PATH Study	SRNT	Annual Meeting	Wave 1
2016	March	Blair Coleman	FDA	Frequency of e-cigarette use and factors associated with daily vs. non-daily use among US adults: Findings from Wave 1 of PATH	SRNT	Annual Meeting	Wave 1
2016	March	Kevin Conway	NIDA	Co-occurrence of tobacco product use, substance use and symptoms of mental health problems among youth: Findings from Wave 1 of PATH	SRNT	Annual Meeting	Wave 1
2016	March	Andrew Hyland, Kevin Conway, Nicolette Borek	RPCI, NIDA, CTP	Highlighted findings from Wave 1 of the Population Assessment of Tobacco and Health (PATH) Study	SRNT	Annual Meeting (PATH Plenary)	Wave 1
2015	February	David Strong on behalf of Yuyan Shi	UCSD	E-cigarette use, smoking cessation and change in smoking intensity in the 2010–2011 TUS-CPS longitudinal cohort	SRNT	Annual Meeting	Wave 1
2015	February	Kevin Conway, Nicolette Borek, Andrew Hyland, Kristie Taylor	NIDA, CTP, RPCI, Westat	PATH: An interim first look at tobacco use from the baseline wave	SRNT	Annual Meeting (PATH Plenary)	Wave 1
2014	February	Samir Soneji	Dartmouth	Direct-to-consumer tobacco marketing and its association with tobacco use among adolescents and young adults	SRNT	Annual Meeting	No PATH Data
2014	February	Jennifer Rath	Legacy	Patterns of transitions in menthol use among US young adult smokers over time: Associations between menthol use and cessation related intentions and behaviors	SRNT	Annual Meeting	No PATH Data
2014	February	Thomas Kirchner	Legacy	Tobacco retail outlet advertising practices and proximity to schools, parks and public housing affect Synar underage sales violations in Washington, D.C.	SRNT	Annual Meeting	No PATH Data
2014	February	Jennifer Cantrell	Legacy	Impact of the tobacco retail outlet environment on adult cessation and differences by neighborhood poverty	SRNT	Annual Meeting	No PATH Data

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2014	February	Andrea Villanti	Legacy	Demographic profiles and response to cigarette health warning labels among U.S. young adults: A latent class analysis	American Academy of Health Behavior (AAHB)	Annual Meeting	No PATH Data
2014	February	Jennifer Cantrell	Legacy	The impact of the tobacco retail outlet environment on adult cessation attitudes and behaviors and differences by neighborhood socioeconomic status	American Academy of Health Behavior (AAHB)	Annual Meeting	No PATH Data
2014	February	Jennifer Cantrell	Legacy	Outlet density and young adult tobacco use experimentation	American Academy of Health Behavior (AAHB)	Annual Meeting	No PATH Data
2013	March	David Strong	UCSD	Development of adolescent receptivity to tobacco advertising and smoking initiation	SRNT	Annual Meeting	No PATH Data
2013	March	Kristie Taylor	Westat	Development and testing of survey items to assess cigar, cigarillo and filtered cigar use	SRNT	Annual Meeting	No PATH Data
2013	March	Karin Kasza	RPCI	Switching between menthol and non-menthol cigarettes: Findings from the International Tobacco Control Four Country Survey (ITC-4), US cohort	SRNT	Annual Meeting	No PATH Data
2013	March	Karin Kasza	RPCI	Use of potentially reduced exposure products (PREPs) and associations with quitting activity among cigarette smokers: Findings from the International Tobacco Control Four Country Survey (ITC-4), US Cohort	SRNT	Annual Meeting	No PATH Data
2013	March	Kevin Conway, Nicolette Borek, Andrew Hyland, Charles Carusi, Kristie Taylor, David Strong, Cristine Delnevo, Karen Messer	NIDA CTP RPCI Westat UCSD Rutgers UCSD	- Population Assessment of Tobacco and Health (PATH) Study overview and management - FDA regulatory authority and the Population Assessment of Tobacco and Health (PATH) Study introduction—Study design and methodology of PATH - PATH field test: Methods and findings generic images and product selection (video) - Curiosity: Risk for smoking and susceptibility in cigarette experimentation and use preference for flavored cigar brands among youth, young adults and adults—Gems from ad hoc studies - Trends in polytobacco use: National Survey on Drug Use and Health 2002–2011 - Other tobacco products: Reasons for use and harm perceptions - Dual use of cigars and cigarettes	SRNT	Annual Meeting (PATH Symposium)	No PATH Data
2012	September	Andrew Hyland	RPCI	PATH Study: What will we learn?	SRNT	Annual Meeting	No PATH Data

Year	Month	Lead/Presenter	Institution	Title	Sponsor	Event	Waves of PATH Study data used
2012	August	Nicolette Borek, Andrew Hyland,	CTP, RPCI	The PATH Study	National Conference on Tobacco or Health	Conference	No PATH Data
2012	May	Kevin Conway	NIDA	PATH: Population Assessment of Tobacco and Health	SPR	Annual Meeting	No PATH Data
2012	May	Kevin Conway, Nicolette Borek	NIDA, CTP	The PATH Study	SPR	Annual Meeting	No PATH Data

List of Abbreviations

Abbreviation	Description
ATS	Adult Telephone Survey
CDC	Centers for Disease Control and Prevention
CTP	Center for Tobacco Products
FDA	Food and Drug Administration
NCI	National Cancer Institute
NIH	National Institutes of Health
NIDA	National Institute on Drug Abuse
RPCI ¹	Roswell Park Cancer Institute
SPR	Society for Prevention Research
SRNT	Society For Research on Nicotine and Tobacco
TRSP	Tobacco Regulatory Science Program

¹ Roswell Park Cancer Institute changed its name to Roswell Park Comprehensive Cancer Center in January 2018.
