FROM THE DIRECTOR  
BUREAU OF THE CENSUS

On behalf of the Law Enforcement Assistance Administration (LEAA), the Bureau of the Census is conducting its periodic census of public juvenile facilities.

There is continuing need for current information about these facilities. The data will be used for LEAA program development under the Juvenile Justice and Delinquency Prevention Act of 1974 and the improvement of assistance to those concerned with juvenile problems. The results of this census are available to State and local governmental researchers, juvenile justice planners, and practitioners. The census findings are published in a report series entitled, "Children in Custody." An advance report from the 1975 census is enclosed, and later reports will be sent to you as they become available.

Your cooperation in completing this year's questionnaire will be appreciated. If there are any items on the questionnaire for which the answers cannot be obtained from available records, reasonable estimates are requested. Simply indicate with an asterisk (\*). The duplicate copy of the questionnaire is for your files. The addressed copy should be returned, preferably with 3 weeks, in the enclosed preaddressed envelope. If we can be of assistance in completing the questionnaire, please call us collect at (301) 763-2896.

This report is authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 USC 3701). While you are not legally required to respond, your participation is needed to make the results of this survey comprehensive, accurate, and timely.

Sincerely,
