FROM THE ADMINISTRATOR
OFFICE OF JUVENILE JUSTICE AND
DELINQUENCY PREVENTION

On behalf of the Department of Justice, the Bureau of the Census is conducting the periodic census of publicly administered juvenile facilities. We are collecting this information solely for research and statistical purposes.

Department of Justice officials will use the data to develop programs under the Juvenile Justice and Delinquency Prevention Act of 1974, as amended, and otherwise improve assistance provided to those concerned with juvenile problems. Since 1974, the Justice Department has also published these findings in a report series, "Children in Custody."

In order to complete data collection as soon as possible and permit early publication of census results, we will appreciate a prompt response, preferably within 4 weeks. If there are any items on the questionnaire for which answers cannot be readily obtained from available records, please provide reasonable estimates and identify them with an asterisk (*). If we can be of help in completing the questionnaire, please call Ms. Peggy Ferguson on (800) 352-7229.

Title 42, United States Code, Section 5652, provides the authority for conducting this census. While you are not legally required to respond, we need your participation to make the results of the census comprehensive, accurate, and timely.

We estimate that it will take from 30 to 120 minutes to collect this information, with 60 minutes being the average time per response. This includes the time for reviewing the definitions and instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collected. You may send comments regarding this burden estimate, or any other aspect of this collection of information, including suggestions for reducing this burden, to Ms. Barbara Allen-Hagen, Office of Juvenile Justice and Delinquency Prevention, 633 Indiana Avenue, NW, Washington, DC 20531; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Public Use Reports Project 1121-0096, Washington, DC 20503.

Thank you for your cooperation.

Sincerely,

JOHN J. WILSON
Acting Administrator

IF MORE QUESTIONNAIRES ARE NEEDED, CALL (800) 352-7229.

Section I EXCLUSIONS

If this facility falls into any of the following categories, you need NOT complete the remainder of the questionnaire. Simply mark (X) the appropriate box and return the questionnaire in the enclosed envelope.

- 1 ☐ This facility operates only a nonresidential community program — the juveniles receive counseling or educational services from this facility but do not stay here overnight.
- 2 ☐ This is a foster home for fewer than 3 juveniles.

Section II DEFINITIONS

Juvenile — A person subject to the exercise of juvenile court jurisdiction for purposes of adjudication and treatment based on age and offense limitations as defined by State law.

For the purposes of this census, a person who was of juvenile age at the time of admittance is still considered a juvenile even though retained beyond the juvenile age, up to the maximum retention authority set by law.

For the purposes of this census, a person of juvenile age is still considered a juvenile even though tried as an adult in criminal court.

Adult criminal offender — A person subject to the original jurisdiction of the criminal court, rather than the juvenile court, because at the time of the offense the person was above a statutorily specified age.

For purposes of this report, **youthful offenders** should be considered adults. A **youthful offender** is a person adjudicated in criminal court, who may be above the statutory age limit for juveniles, but below a specified upper age limit, and for whom special correctional commitments and special record-sealing procedures are made available by statute.

Committed or commitment — Refers to placement of juvenile offenders following adjudication and any placement procedure. May be referred to as "placement."

Detained or detention — Refers to juveniles who are pending adjudication or who have been adjudicated but are awaiting disposition or placement. Include those juveniles undergoing diagnosis or classification before disposition or placement.

Section III ADULTS HELD
